

Put your business in the spotlight, with Solytic's Whitelabel.

Solytic is the hardware-independent and cross-technology monitoring platform for your operation.

Professional appearance

A sophisticated monitoring solution with your brand identity.

No development effort

Start immediately with a ready-made product.

Competitive advantage

Position yourself as an expert in the market.

✓ Portal Domain

Enable your users to access the monitoring portal through a domain that reflects your company.

✓ Email Domain

Utilize a custom email address for sending portal notifications.

✓ Background Image

Choose a background image for the login page of your monitoring portal.

✓ Custom Colors

Set a custom primary and secondary color, creating a user interface that aligns with the look and feel of your company.

✓ Favicon

Customize the favicon to your liking, ensuring visibility in browser tabs and bookmark bars.

✓ Logo

Enhance your company's presence within the monitoring application by adding your company logo.
